1. Director General's Foreword

The year 2023 marked a period of remarkable transformation and consolidation for Kunsthhaus Wien. Under the continued stewardship of the Board of Trustees and with the tireless dedication of our 87 permanent staff members and 34 part-time associates, we achieved a record-breaking institutional performance that exceeded nearly every measurable target set in our 2021–2025 Strategic Plan.

Our Director General, Dr. Maximilian Oberhuber-Steiner, assumed the post in January 2022 following the retirement of his predecessor, Dr. Eleonore Vásárhelyi, and has since led the institution through two major exhibition cycles, one significant acquisition campaign, and a complete overhaul of our digital infrastructure. This report covers the full fiscal year from 1 January to 31 December 2023 and represents the most comprehensive institutional self-assessment Kunsthhaus Wien has produced in its thirty-one-year history.

Among the highlights of 2023, we note the successful conclusion of the Secession Echoes retrospective in the spring, which attracted 28,412 visitors over its eleven-week run and became the most attended temporary exhibition in our institutional history. The autumn season brought the equally celebrated dual exhibition Farbe und Stille, co-organised with the Lentos Kunstmuseum Linz, which drew 19,847 visitors between September and November. Total annual footfall reached 94,620 visitors, surpassing the previous record of 88,340 set in 2019.

From a financial perspective, the institution closed the year with total operating revenue of €6,284,500, against total expenditure of €5,917,340, yielding a modest but strategically meaningful surplus of €367,160. This surplus has been allocated in full to the Conservation Reserve Fund, consistent with the Board resolution of March 2023. The institution received public funding from the City of Vienna's Kulturabteilung (MA 7) in the amount of €2,100,000 and from the Austrian Federal Chancellery's Kunstsektion in the amount of €850,000, totalling €2,950,000 in public subsidy, which represented 46.9% of total operating revenue.

We enter 2024 with cautious optimism. The global art market has shown signs of softening following exceptional growth in 2021 and 2022, and donor appetite for large-scale capital gifts has become more selective. Nevertheless, Kunsthhaus Wien is well-positioned: our endowment stands at €4,750,000, our collection is insured at replacement value for €38,200,000, and our institutional partnerships span fourteen countries across Europe and the Americas.

This document is intended solely for internal governance purposes and the use of the Board of Trustees, senior management, and approved statutory auditors. Any reproduction, distribution, or disclosure to third parties without the written authorisation of the Director General is strictly prohibited.

Dr. Maximilian Oberhuber-Steiner | Director General, Kunsthhaus Wien | Vienna, February 2024

2. Institutional Profile and Governance

2.1 Founding History and Legal Status

Kunsthhaus Wien was established in 1993 as a private foundation (Privatstiftung) under Austrian law, pursuant to the Private Foundations Act (Privatstiftungsgesetz, BGBl. Nr. 694/1993). The founding endowment of 12,000,000 Austrian Schillings was contributed jointly by the Felsenthal Family Trust, the Chamber of Commerce of Lower Austria, and three anonymous private donors whose identities are maintained under fiduciary seal by the notarial firm of Mag. Rudolf Schorndorfer & Partner, Vienna.

The institution is registered with the Vienna Commercial Court (Handelsgericht Wien) under registration number FN 189234 p. Its registered office is located at Marxergasse 17, 1030 Wien, Austria. The foundation's purpose, as defined in Article 2 of its Founding Deed (Stiftungsurkunde), is the permanent preservation, scholarly study, public exhibition, and responsible acquisition of works of European fine art, with a particular emphasis on Central European painting, works on paper, and decorative arts from the period 1880 to 1980.

The institution is not a public body and receives no guaranteed public funding, although it has maintained an ongoing subsidy relationship with both the City of Vienna and the Federal Republic of Austria since 1997. The foundation's charitable status (Gemeinnützigkeit) is confirmed annually by the Tax Authority Vienna (Finanzamt Wien), most recently by determination dated 14 March 2023, reference number FA23-2023-GN-00441.

2.2 Governance Structure

The institution is governed by a three-tier structure comprising the Board of Trustees (Stiftungsvorstand), the Advisory Council (Beirat), and the operational Directorate. The Board of Trustees holds ultimate fiduciary responsibility and consists of five members appointed for staggered four-year terms. As of 31 December 2023, the Board composition is as follows:

Name	Role	Term Expires	Committee
Dr. Ingrid Felsenthal-Kraus	Chairwoman	March 2026	Executive, Acquisitions
Prof. Günter Blauensteinbach	Vice-Chairman	March 2025	Finance, Audit
Mag. Renata Prohászka-Weiss	Trustee	March 2027	Acquisitions, HR
Dr. Thomas Arleth	Trustee	March 2025	Finance, Legal
Dipl.-Ing. Sofia Mäkinen-Huber	Trustee	March 2026	Facilities, Digital

The Advisory Council consists of twelve members drawn from academia, the diplomatic community, and the private art market. Advisory Council members serve in an honorary capacity and receive no remuneration. They meet twice annually, in April and October, to provide non-binding counsel on exhibition programming, acquisition strategy, and public engagement. The full list of Advisory Council members is appended as Annex C to this report.

2.3 Staff Overview

As of 31 December 2023, Kunsthaus Wien employs 87 full-time equivalent (FTE) staff on permanent contracts, 34 part-time staff (totalling 18.4 FTE), and retains 12 freelance specialist consultants on framework contracts. The institution also hosts an average of 4.2 research fellows per quarter through its annual fellowship programme, operated in partnership with the University of Vienna's Institut für Kunstgeschichte.

Department	Permanent FTE	Part-time FTE	Freelance	Dept. Head
Curatorial & Research	14	2.8	4	Dr. Sonja Riegler-Bauer
Conservation & Restoration	9	1.2	3	Dipl.-Rest. Klaus Hammerauer
Visitor Services & Education	18	7.4	0	Mag. Petra Vasović
Communications & Marketing	7	1.6	2	Stefan Kronfeld, MA
Finance & Administration	11	2.0	1	Mag. Andrea Zehetgruber
Facilities & Security	16	2.2	2	Ing. Florian Bartsch
Digital & Collections Mgmt.	6	1.2	0	Dr. Yuki Nakamura-Stein
Director's Office	6	0.0	0	Dir. Gen. Dr. M. Oberhuber-Steiner

Note: FTE figures reflect contracted hours divided by 38.5 hours/week. Part-time FTE total of 18.4 is distributed across 34 individuals at varying hours.

3. Permanent Collection Report

3.1 Collection Overview

The permanent collection of Kunsthaus Wien comprises 412 works as of 31 December 2023, encompassing oil paintings, works on paper, sculpture, photography, and selected decorative art objects. The collection spans the period from approximately 1875 to 1979, with the highest density of holdings concentrated in the Viennese Secession and its immediate aftermath (1897–1930), the interwar Neue Sachlichkeit movement as it manifested in Central Europe, and the postwar Austrian avant-garde of the 1950s and 1960s.

During 2023, the collection grew by seven works through purchase and one work through donation, while two works were deaccessioned following a provenance review and restitution agreement concluded with the estate of Dr. Felix Goldberger-Haas, as detailed in Section 3.4 of this report. The net collection stood at 412 works at year-end, compared to 406 works at the close of 2022.

The collection is currently valued for insurance purposes at €38,200,000, based on an independent appraisal conducted by Rathmore & Schreiber Kunstgutachter GmbH (Vienna/Zurich) in September 2023. This represents a 6.1% increase over the previous insurance valuation of €35,990,000 established in 2020. Individual work valuations are maintained in the internal Collection Management System (CMS) under restricted access and are not disclosed in this institutional document.

The five most valuable individual works in the collection, based on current insurance valuation, are not identified by name in this report in accordance with security protocol MDU-SEC-2019-03 approved by the Board. However, it is noted for governance purposes that the single most valuable work in the collection carries an individual insurance valuation of €4,200,000 and belongs to the early Viennese Expressionist period.

3.2 Acquisitions in 2023

The Acquisitions Committee, chaired by Trustee Mag. Renata Prohászka-Weiss and comprising Dr. Sonja Riegler-Bauer (Chief Curator), Prof. Günter Blauensteinbach (Trustee), and two external advisors, met on four occasions in 2023: 16 February, 12 May, 7 September, and 3 November. The Committee reviewed a total of 31 acquisition proposals and approved eight purchases and one donation acceptance.

Total acquisition expenditure in 2023 amounted to €892,400, against a budgeted figure of €950,000, representing an underspend of €57,600 or 6.1%. Three acquisitions were made at auction (Dorotheum Vienna and Ketterer Kunst Hamburg), four through private gallery transactions, and one directly from the artist's estate. The donation was accepted from the estate of Frau Hildegard Sonnenschein-Alber, a long-standing patron of the institution.

Accession No.	Artist (Attributed)	Title	Medium	Year	Source	Acquisition Cost
KWM-2023-001	Gertrude Falkenbach (1891–1954)	Fensterblick mit Topfpflanzen	Oil on canvas	1924	Dorotheum, April 2023	€74,500

Accession No.	Artist (Attributed)	Title	Medium	Year	Source	Acquisition Cost
KWM-2023-002	Rudolf Szymański-Koch (1878–1941)	Untitled (Harbour Study)	Watercolour on paper	c.1912	Private gallery	€18,200
KWM-2023-003	Anon. [attr. Vienna, c.1905]	Bildnis einer jungen Frau	Oil on panel	c.1905	Private gallery	€9,800
KWM-2023-004	Heinrich Morawetz (1902–1968)	Komposition in Blau und Ocker	Mixed media on board	1951	Artist's estate	€31,000
KWM-2023-005	Emília Bartók-Vásárhelyi (1919–1987)	Stadtrand III	Lithograph (ed. 7/12)	1963	Ketterer Kunst, June 2023	€12,400
KWM-2023-006	Leopold Draxler (1888–1945)	Gebirgslandschaft mit Hütte	Oil on canvas	1931	Private gallery	€54,000
KWM-2023-007	Marta Hrušková (1933–2011)	Ohne Titel (Rote Serie Nr. 4)	Acrylic on canvas	1974	Private gallery	€28,700
KWM-2023-008	Franz Neuwirth-Sander (1897–1956)	Selbstbildnis mit Palette	Oil on canvas	1938	Dorotheum, Oct. 2023	€663,800
KWM-2023-009 (donation)	Ilse Sonnenschein (1925–2019)	Drei Figuren am See	Gouache on paper	1958	Estate donation	€0 (donated)

Note: KWM-2023-008 (Selbstbildnis mit Palette) accounts for 74.4% of total 2023 acquisition expenditure. The work was authenticated by Dr. Cornelia Hauptmann of the Österreichisches Institut für Kunstforschung (ÖIK) in August 2023. A separate authentication dossier (ref. KWM-AUTH-2023-008) is held in the Conservation and Research Archive.

3.3 Conservation Status of Permanent Collection

The Conservation Department, under the direction of Dipl.-Rest. Klaus Hammerauer, conducted condition assessments of 89 works during 2023, representing 21.6% of the total collection. Priority was given to works scheduled for the 2024 and 2025 exhibition programmes and to works flagged in the previous assessment cycle as requiring monitoring. Conservation condition ratings follow the institution's five-tier internal scale: Excellent (E), Good (G), Fair (F), Poor (P), and Critical (C).

Of the 89 assessed works, 31 were rated Excellent, 37 were rated Good, 14 were rated Fair, 6 were rated Poor, and 1 was rated Critical. The single work rated Critical is a large-format oil painting (KWM-1998-034, attributed to the circle of Oskar Kokoschka, c. 1918, oil on canvas, 182 × 240 cm) which has been removed from the display rotation and placed in climate-controlled storage pending a full structural treatment estimated to cost between €28,000 and €45,000. A specialist contractor has been shortlisted and a final cost proposal is expected in Q1 2024.

The six works rated Poor are scheduled for preventive treatment in the first half of 2024. Total conservation expenditure in 2023 amounted to €187,340, which is €12,660 below the

budgeted allocation of €200,000. The underspend was primarily attributable to the postponement of one major treatment project (KWM-1994-017, a large textile-based work) from Q4 2023 to Q1 2024 following the unexpected departure of the contracted textile conservator, Mag. Birgit Stelzenböck, in August 2023. A replacement contractor has been engaged as of January 2024.

3.4 Provenance Review and Restitution

Kunsthau Wien has maintained an active provenance research programme since 2003, consistent with the Washington Principles on Nazi-Confiscated Art (1998) and the Terezin Declaration (2009), to which the Republic of Austria is a signatory. In 2023, the provenance research team, comprising Dr. Sonja Riegler-Bauer and external researcher Dr. Pavel Schwartz-Horowitz, completed reviews of 23 works with incomplete interwar provenance chains.

As a result of this review, two works were identified as having been subject to forced sale or confiscation during the National Socialist period. Following negotiations conducted through the Austrian Commission for Provenance Research (Kommission für Provenienzforschung), an agreement was reached with the legal heirs of Dr. Felix Goldberger-Haas, represented by attorney Mag. Claudia Feldkirchner (Vienna) on behalf of the Goldberger-Haas Family Foundation (registered in Zurich). The two works — KWM-1997-011 and KWM-1997-014, both acquired by the institution at auction in Vienna in 1997 — were formally transferred to the heirs on 12 September 2023. No financial consideration was paid; the transfer was effected as a full restitution. The institution recorded a write-down of €210,000 against the collection valuation for these two works, which had carried a combined insurance value of €210,000 based on the 2020 appraisal.

4. Visitor Statistics and Audience Development

4.1 Annual Footfall Summary

Total recorded visitor attendance at Kunsthaus Wien in 2023 reached 94,620, representing an increase of 7.1% over the 2022 figure of 88,370 and surpassing the pre-pandemic record of 88,340 visitors recorded in 2019. This figure encompasses all ticketed admissions, group bookings, school visits, guided tour participants, and holders of annual membership passes. It does not include attendees at private vernissage events, board meetings, or institutional functions held outside public opening hours.

The month of March 2023 recorded the highest single-month attendance of the year, with 12,847 visitors, driven primarily by the opening of the Secession Echoes retrospective on 4 March and sustained weekend footfall throughout the exhibition's first four weeks. The lowest month was January 2023, with 3,912 visitors (apart from December 2023 when the institution was closed to the public from 16 to 31), consistent with the institution's historically weak January performance attributable to post-holiday visitor fatigue and the absence of a major temporary exhibition during that period.

The busiest single day of 2023 was Saturday, 18 March 2023, on which 1,104 visitors were recorded, coinciding with a weekend midpoint in the Secession Echoes run and particularly favourable weather conditions. The second busiest day was Saturday, 25 March 2023, with 1,087 visitors. The third busiest was Saturday, 14 October 2023, with 1,019 visitors, during the opening weekend of the Farbe und Stille exhibition.

Month	Total Visitors	Avg. Daily	Peak Day	Peak Day Count	Primary Driver
January 2023	3,912	126	Sat 21 Jan	312	Permanent collection only
February 2023	5,841	209	Sat 25 Feb	487	Permanent collection + school visits
March 2023	12,847	414	Sat 18 Mar	1,104	Secession Echoes opening
April 2023	11,203	374	Sat 08 Apr	924	Secession Echoes (peak)
May 2023	10,112	326	Sat 06 May	871	Secession Echoes (closing weeks)
June 2023	7,440	248	Sat 10 Jun	603	Post-exhibition transition
July 2023	7,981	257	Sat 15 Jul	698	Summer tourism season
August 2023	8,204	265	Sat 12 Aug	712	Summer tourism (peak)
September 2023	7,923	264	Sat 16 Sep	689	Farbe und Stille opening prep
October 2023	9,847	318	Sat 14 Oct	1,019	Farbe und Stille (opening)

Month	Total Visitors	Avg. Daily	Peak Day	Peak Day Count	Primary Driver
November 2023	7,319	244	Sat 04 Nov	631	Farbe und Stille (closing)
December 2023	1,991	64	Sat 09 Dec	201	Holiday season closure (16–31 Dec)

Note: The institution was closed to the public from 16 to 31 December 2023 for annual deep-clean, infrastructure maintenance, and preparation of the 2024 spring exhibition. This accounts for the substantially reduced December figure.

4.2 Visitor Demographics and Origins

Visitor origin data is collected through voluntary post-visit surveys administered via digital kiosk at the museum exit and through the ticketing system's optional postcode field. In 2023, usable demographic data was collected for 31,840 visitors, representing 33.6% of total attendance. The institution acknowledges that this sample is self-selected and may not be fully representative of the total visitor population; however, it is consistent with the methodology used in previous years and therefore permits year-on-year trend comparison.

Of the surveyed visitors, 38.4% were Vienna residents (postcode prefix 1XXX), 14.2% were Austrian residents from outside Vienna, 21.7% were German-speaking visitors from Germany and Switzerland, 11.3% were visitors from other EU member states, and 14.4% were international visitors from outside the EU. The largest non-German-speaking nationality groups were Italian (3.2%), Czech (2.8%), and American (2.1%). First-time visitors accounted for 61.3% of surveyed respondents, while repeat visitors (those who had attended at least once in the previous twelve months) accounted for 38.7%.

The age distribution of surveyed visitors showed a concentration in the 35–54 age bracket, which accounted for 41.2% of respondents. Visitors aged 18–34 represented 22.8%, those aged 55–69 represented 24.6%, and those aged 70 and above represented 8.1%. Visitors under 18 are tracked separately through group booking records and accounted for 3.3% of total attendance, primarily through organised school visits.

4.3 Exhibition Attendance Detail

The institution ran two major temporary exhibitions in 2023 in addition to the permanent collection galleries, which remain open throughout the year. The Secession Echoes retrospective, curated by Dr. Sonja Riegler-Bauer with guest co-curator Prof. Anna Dvořáková-Bloch (Charles University Prague), explored the legacy of the Vienna Secession in Central European painting from 1897 to 1938. It ran from 4 March to 21 May 2023 and attracted 28,412 ticketed visitors over its eleven-week run. This was the most attended temporary exhibition in the institution's history, exceeding the previous record of 24,118 visitors set by the 2017 exhibition Klimt und seine Zeitgenossen. A companion catalogue, edited by Dr. Riegler-Bauer, was published by Verlag Anton Schroll & Co. (Vienna) and sold 1,847 copies through the museum shop and online during 2023.

The Farbe und Stille exhibition, a dual institutional project co-presented with the Lentos Kunstmuseum Linz and curated by Mag. Josef Weitersberger (Lentos) and Dr. Yuki Nakamura-Stein (KWM), ran from 7 October to 26 November 2023 and attracted 19,847

visitors at the Vienna venue. A travelling version of the exhibition is scheduled to be shown at the Lentos between February and April 2024 under a separate loan agreement (ref. KWM-LOAN-2024-LNZ-001). No revenue sharing arrangement exists for the Linz showing; each institution bears its own operational costs for its respective venue.

5. Exhibition Programme and Curatorial Activity

5.1 Curatorial Philosophy and 2023 Programme Overview

The curatorial direction of Kunsthaus Wien is governed by the five-year Exhibition Strategy 2021–2025, approved by the Board of Trustees in November 2020 (resolution KWM-BOARD-2020-11-R03). The strategy prioritises three thematic pillars: the recontextualisation of canonical Central European modernism through contemporary scholarly perspectives; the amplification of historically underrepresented voices within the Central European art tradition, with particular emphasis on women artists and artists from successor states of the Austro-Hungarian Empire; and the fostering of cross-institutional dialogue through co-curated and travelling exhibitions with partner institutions.

The 2023 programme was the third year of execution under this strategy and demonstrated strong alignment with all three pillars. Secession Echoes addressed the first and third pillars through its scholarly reappraisal of Secessionist influence and its collaboration with the Charles University Prague. Farbe und Stille addressed the second pillar through its focus on women painters active in the postwar Austrian and Czechoslovak art scenes. The permanent collection galleries underwent a partial rehang in July 2023, with twelve works rotated to storage and eight previously stored works brought to display, increasing the proportion of works by women artists in the permanent display from 18.3% to 24.7%.

5.2 Loan Agreements and Inter-Institutional Exchanges

Kunsthaus Wien participated in nine inter-institutional loan arrangements during 2023, comprising six outgoing loans and three incoming loans. Outgoing loans are managed under the institution's standard Loan Agreement template (KWM-LEGAL-LOAN-TMPL-v4, last revised February 2022) and require mandatory approval by the Director General for loans exceeding 60 days in duration or involving works with an individual insurance valuation above €100,000. All six outgoing loans in 2023 fell within delegated approval authority.

The three incoming loans are governed by the lending institution's own agreement templates and have been reviewed by the institution's legal counsel, Mag. Gerhard Praxmarer of Praxmarer Rechtsanwälte GmbH (Vienna). The most significant incoming loan is a group of four drawings attributed to Egon Schiele (collection of the Szépművészeti Múzeum Budapest, inventory numbers SZM-GR-1934-0041 through 0044), loaned for the Secession Echoes exhibition under agreement ref. SZM-LOAN-2023-KWM-01, governed by Hungarian law, with insurance coverage provided by the Szépművészeti Múzeum under its own institutional policy with Allianz Hungária. Kunsthaus Wien assumed no insurance liability for these works during transit or display.

5.3 Planned 2024 Programme

The 2024 exhibition calendar has been approved in outline by the Board and comprises two major temporary exhibitions and one medium-scale focus exhibition. The major spring exhibition, provisionally titled *Zwischen Welten: Jüdische Künstler im Wien der Zwischenkriegszeit*, is scheduled to open 8 March 2024 and run until 26 May 2024. It will be curated by Dr. Riegler-Bauer in collaboration with Dr. Rachel Eisenberg of the Leo Baeck Institute (New York) and will require the temporary inward loan of approximately thirty works

from twelve institutions across Austria, Germany, Israel, and the United States. A federal grant application for €180,000 has been submitted to the Nationalfonds der Republik Österreich and an outcome is expected in late January 2024.

The autumn 2024 exhibition, entitled *Wiener Werkstätte und die Alltagsästhetik*, will examine the applied arts output of the Wiener Werkstätte from 1903 to 1932. This exhibition will draw heavily on the permanent collection supplemented by incoming loans from the Österreichisches Museum für angewandte Kunst (MAK) and the Neue Galerie New York. The loan framework agreement with the Neue Galerie (ref. KWM-LOAN-2024-NG-001) specifies that all works must travel by specialist art freight carrier under the institution's existing framework agreement with Hasenkamp Internationale Transporte GmbH, and that all works must be insured at the Neue Galerie's declared valuation, which for the agreed loan group totals USD 2,840,000.

6. Financial Report 2023

6.1 Revenue Summary

Total operating revenue for the fiscal year 2023 amounted to €6,284,500, an increase of 9.4% over the 2022 figure of €5,743,200. Revenue is classified across five primary categories: public funding, earned income, private donations and sponsorship, investment income, and other income. The following table presents the revenue breakdown for 2023 alongside the 2022 comparative and the original 2023 budget.

Revenue Category	Budget 2023 (€)	Actual 2023 (€)	Actual 2022 (€)	Variance vs. Budget
City of Vienna (MA 7) subsidy	2,100,000	2,100,000	2,100,000	0.0%
Federal Chancellery Kunstsektion	850,000	850,000	800,000	+6.3% (prior yr)
Ticket revenues	820,000	934,700	821,400	+14.0%
Museum shop & catalogue sales	180,000	214,300	187,600	+19.1%
Venue hire & private events	95,000	112,800	88,200	+18.7%
Corporate sponsorship	310,000	287,500	264,000	-7.3%
Private donations (individuals)	150,000	223,400	164,700	+48.9%
Endowment & investment income	140,000	161,800	117,300	+15.6%
Loan fee income	0	400,000	200,000	n/a (unbudgeted)
TOTAL	4,645,000	6,284,500	5,743,200	+35.3% vs. budget

Note: The unbudgeted loan fee income of €400,000 relates to a single transaction: the institutional loan of KWM-2012-007 (attributed Franz Neuwirth-Sander, 1938 — a different work from the 2023 acquisition of the same artist) to a major Swiss private collection for an 18-month period commencing 1 July 2023. The fee was approved by the Board under resolution KWM-BOARD-2023-04-R01. This is an exceptional item not expected to recur in 2024.

6.2 Expenditure Summary

Total operating expenditure for 2023 was €5,917,340, compared to a budgeted figure of €5,680,000, representing an overspend of €237,340 or 4.2%. The primary driver of the overspend was personnel costs, which exceeded budget by €198,400 due to unplanned interim staffing in the Conservation Department following the departure of Mag. Birgit Stelzenböck, and the payment of a discretionary performance supplement of €42,000 to the Director General approved by the Board in June 2023. A secondary overspend of €67,200 occurred in exhibition production costs, attributable to the higher-than-anticipated insurance premium for the Budapest loans.

Expenditure Category	Budget 2023 (€)	Actual 2023 (€)	Variance (€)	Variance (%)
Personnel costs (salaries & benefits)	3,120,000	3,318,400	+198,400	+6.4%
Exhibition production & installation	480,000	547,200	+67,200	+14.0%
Conservation & restoration	200,000	187,340	-12,660	-6.3%
Acquisitions	950,000	892,400	-57,600	-6.1%
Marketing & communications	210,000	198,700	-11,300	-5.4%
Facilities & utilities	340,000	327,800	-12,200	-3.6%
IT & digital infrastructure	180,000	174,600	-5,400	-3.0%
Insurance (collection & liability)	120,000	143,200	+23,200	+19.3%
Legal & professional fees	80,000	77,700	-2,300	-2.9%
Research & publications	0	50,000	+50,000	n/a
TOTAL	5,680,000	5,917,340	+237,340	+4.2%

Note: The Research & Publications line of €50,000 covers the production subsidy paid to Verlag Anton Schroll & Co. for the Secession Echoes catalogue. This expenditure was approved mid-year and was not included in the original budget.

6.3 Endowment and Reserves

The institution's endowment fund, managed by Raiffeisen Capital Management AG under an investment mandate agreed in 2018 and most recently reviewed in October 2023, stood at €4,750,000 as of 31 December 2023, up from €4,480,000 at year-end 2022. The increase of €270,000 reflects investment returns of €161,800 (net of management fees) plus a transfer of €108,200 from the operating surplus pursuant to Board resolution KWM-BOARD-2023-12-R02. The endowment mandate specifies a conservative to moderate risk profile with a target total return of 3.5–5.0% per annum and restrictions on equity exposure exceeding 30% of portfolio value.

The Conservation Reserve Fund, established by Board resolution in 2019 and maintained as a designated reserve within the institution's accounts (not part of the endowment), received the full 2023 operating surplus of €367,160 and stood at €841,200 at year-end. This fund is designated exclusively for extraordinary conservation expenditure, defined in the reserve's governing policy as individual treatment projects exceeding €20,000 per work. Disbursements from this fund require Acquisitions Committee approval and Director General sign-off.

7. Legal Affairs and Material Contracts

7.1 Legal Counsel Arrangements

Kunsthau Wien retains Praxmarer Rechtsanwälte GmbH (Schubertring 12, 1010 Wien) as its primary external legal counsel under an annual framework agreement (ref. KWM-LEGAL-FWK-2022-001, renewed January 2023 for a 24-month term expiring 31 December 2024). The framework provides for up to 120 billable hours per annum at an agreed rate of €280 per hour for partner-level work and €190 per hour for associate-level work, with any excess hours requiring written pre-approval by the Director General or Chief Financial Officer. In 2023, the institution consumed 94.5 billable hours under this arrangement, at a total cost of €22,400 inclusive of VAT.

Specialist legal advice on intellectual property, image rights, and reproduction licensing is provided on an ad hoc basis by Dr. Theresa Wimmer-Holzmann (sole practitioner, Vienna), who has advised the institution since 2016. Dr. Wimmer-Holzmann's 2023 engagements related primarily to the negotiation of image licensing terms for the Secession Echoes catalogue and an ongoing dispute with a German online platform that reproduced a high-resolution image of a work in the permanent collection without authorisation. That dispute was resolved in October 2023 by way of an out-of-court settlement in the amount of €8,400 paid to the institution, of which 30% (€2,520) was remitted to the artist's estate under the institution's standard reproduction fee-sharing policy.

7.2 Key Contracts Active in 2023

The institution maintained 34 active material contracts as of 31 December 2023. Material contracts are defined, for governance purposes, as any contractual commitment with a total value exceeding €10,000 or a duration exceeding 12 months. The following represents a selected summary of the most significant contracts for disclosure purposes. The full contract register (ref. KWM-ADMIN-CTREG-2023) is maintained by Mag. Andrea Zehetgruber and is available for inspection by Trustees and statutory auditors upon written request.

Contract Ref.	Counterparty	Subject Matter	Term	Annual Value	Governing Law
KWM-CNTR-2021-017	Hasenkamp Int. Transporte GmbH	Art freight & logistics framework	Jan 2021 – Dec 2025	Variable (€40–120k)	Austrian law
KWM-CNTR-2022-003	Raiffeisen Capital Mgmt. AG	Endowment investment mandate	Jan 2018 – ongoing	0.45% AUM p.a.	Austrian law
KWM-CNTR-2022-008	Praxmarer Rechtsanwälte GmbH	Legal counsel framework	Jan 2023 – Dec 2024	Max €50,400	Austrian law
KWM-CNTR-2023-002	Rathmore & Schreiber KG	Collection appraisal & insurance val.	Sept 2023 (one-off)	€34,000	Swiss law
KWM-CNTR-2023-005	Securitas Austria AG	Security services & monitoring	Jan 2023 – Dec 2025	€182,400 p.a.	Austrian law

Contract Ref.	Counterparty	Subject Matter	Term	Annual Value	Governing Law
KWM-CNTR-2023-009	Szépművészeti Múzeum Budapest	Incoming loan (4 drawings)	Feb–Jun 2023	No fee; cost reimbursement	Hungarian law
KWM-CNTR-2023-014	[Swiss Private Collection — name withheld]	Outgoing loan KWM-2012-007	Jul 2023 – Dec 2024	€400,000 (lump sum paid)	Swiss law
KWM-CNTR-2023-019	Verlag Anton Schroll & Co.	Catalogue co-publication	Mar–Dec 2023	€50,000 (subsidy)	Austrian law

7.3 Insurance

The collection is insured under a fine art block policy with Zürich Insurance plc (Austrian branch) under policy number ZUR-AT-FA-2019-00443, which has been in force since 1 January 2019 and was renewed for a further three-year term effective 1 January 2023 at an annual premium of €143,200. The policy provides all-risks cover (nail-to-nail) for owned works and, where specified in the schedule, for works on loan to the institution from third parties. The policy limit of indemnity per occurrence is €15,000,000 and the aggregate annual limit is €30,000,000. The current declared collection value of €38,200,000 exceeds the per-occurrence limit, and the institution has accepted this gap risk as commercially reasonable following advice from its insurance broker, Marsh GmbH (Vienna office).

It is noted for the record that a claim was made under this policy in February 2023 following minor water damage to two works in the storage facility caused by a burst pipe during the January cold snap. The claim was settled in June 2023 for €14,700 net of the policy deductible of €2,500. The damaged works, KWM-1987-022 and KWM-2001-008, have been fully restored by the Conservation Department and returned to the collection.

8. Digital Infrastructure and Collections Management

8.1 Collections Management System

The institution operates MuseumPlus (version 9.4.2, supplied by Zetcom AG, Switzerland) as its primary Collections Management System (CMS). The system holds records for all 412 works in the permanent collection, all 34 active material contracts, the full loan register, and the conservation assessment archive. As of 31 December 2023, 94.7% of collection records have been fully digitised with high-resolution imaging (minimum 50 megapixels per work). The remaining 22 works awaiting full digitisation are scheduled for imaging in Q1 2024 as part of the Digital Completeness Project initiated in October 2023 and budgeted at €18,400.

Access to the CMS is role-based and governed by the Data Access Policy (ref. KWM-IT-DAP-2021-001). Full access (read/write across all modules) is restricted to Dr. Yuki Nakamura-Stein (Head of Digital & Collections Management) and Mag. Andrea Zehetgruber (Head of Finance & Administration). Curatorial staff have read/write access to collection and loan records but not to financial or personnel modules. Conservation staff have read/write access to condition records only. All external users, including statutory auditors, are granted temporary read-only access for defined audit periods only.

8.2 Website and Digital Engagement

The institutional website (www.kunsthawien.at) recorded 487,200 unique visitors in 2023, an increase of 23.4% over the 2022 figure of 394,800. The increase is attributable primarily to the international press coverage of the Secession Echoes exhibition, which generated significant inbound traffic from German-language media. The institution's online ticketing system, integrated with the website since the 2021 infrastructure refresh, processed 18,340 ticket transactions in 2023, representing 19.4% of total paid admissions. The remaining 80.6% of admissions were purchased at the physical ticket desk.

Social media presence remained modest by sector benchmarks. The institution's Instagram account (@kunsthawien) reached 14,200 followers by year-end 2023, up from 9,800 at year-end 2022. A social media strategy review commissioned from agency Brandt & Gessler Kommunikation GmbH (Vienna) in September 2023 (cost: €12,400) recommended a significant increase in short-form video content and the appointment of a dedicated Social Media Manager, a role currently embedded within the Communications team. The Board has approved the creation of a full-time Social Media Manager position to be filled by 1 April 2024, at a budgeted annual salary of €42,000 gross.

9. Strategic Outlook and Risk Register

9.1 Strategic Priorities for 2024–2025

The final two years of the 2021–2025 Strategic Plan will be characterised by consolidation, evaluation, and preparation for the next planning cycle. Three strategic priorities have been identified by the Director General and endorsed by the Board at the December 2023 meeting.

First, the institution will pursue a targeted acquisition campaign in the area of postwar Austrian women artists, for which the Acquisitions Committee has pre-approved a ring-fenced budget of €400,000 drawn from the Conservation Reserve Fund pending a formal Board resolution expected in March 2024. Dr. Riegler-Bauer has identified seven priority works across five artists whose estates or existing owners have expressed willingness to negotiate. The most significant target is a large-format triptych by Herta Kronauer-Weiß (1928–2004), currently in a private collection in Graz, which is estimated to be available for purchase at between €150,000 and €220,000.

Second, the institution will undertake a full governance review in 2024, the first since 2017, to be conducted by external facilitator Dr. Monika Ehrenfeld-Strasser of Ehrenfeld Consulting (Vienna). The review will examine Board composition, trustee term limits, the delegation of authority matrix, and conflicts of interest policy. The engagement has been budgeted at €28,000 and will conclude with a written report to the Board no later than 30 September 2024.

Third, and strategically most significant, the institution will formally launch a capital campaign in 2024 targeting a €2,000,000 increase in the endowment over a five-year horizon. The campaign will be led by a newly appointed Development Director, a role approved by the Board in October 2023 and currently in the final stages of recruitment. The shortlisted candidates are Mag. Florian Weidinger-Holub (currently Head of Development at the Vienna Philharmonic Foundation) and Dr. Brigitte Samuels-Baumann (currently Director of Philanthropy at the Kunsthistorisches Museum). A final decision is expected by 15 February 2024.

9.2 Risk Register (Selected Material Risks)

The following represents a selected summary of the institution's material risks as assessed by management for the 2023 Annual Risk Review. The full risk register (ref. KWM-RISK-2023-001) contains 27 identified risks across six categories. The Board Risk Committee reviewed the full register at its meeting of 7 November 2023.

Risk ID	Risk Description	Likelihood	Impact	Mitigation
RISK-001	Reduction in City of Vienna subsidy post-2025 election	Medium	High	Early engagement with MA 7; diversify revenue
RISK-002	Major conservation failure (Critical-rated work)	Low	High	Conservation Reserve Fund; specialist on retainer
RISK-003	Restitution claim on additional works	Medium	Medium	Active provenance programme; legal reserve €80k
RISK-004	Key person dependency (Director General)	Low	High	Succession planning; Deputy Director appointment

Risk ID	Risk Description	Likelihood	Impact	Mitigation
RISK-005	Data breach / CMS unauthorised access	Low	High	Role-based access; annual IT security audit
RISK-006	Failure to fill Development Director role	Medium	High	Extended search; interim fundraising consultant
RISK-007	Art market softening affects donation values	High	Medium	Maintain donor relationships; planned giving programme

9.3 Note on Visitor Data Interpretation

A note of caution is warranted regarding the interpretation of visitor statistics presented in Section 4. The total figure of 94,620 visitors represents gross recorded admissions and should not be used without adjustment for certain operational factors. Specifically, holders of the annual Kunsthaus Pass (of whom there were 1,847 active passholders as of 31 December 2023) are recorded as individual admissions on each visit, meaning frequent visitors may be counted multiple times within the annual total. Internal modelling by Mag. Zehetgruber's team suggests that adjusting for estimated repeat pass-holder visits would reduce the effective unique visitor count to approximately 81,200–83,400, though this estimate carries significant uncertainty.

Furthermore, school groups are recorded at the point of guided tour commencement, not at point of ticket sale. In instances where a school group visits both the temporary and permanent exhibition spaces within a single visit, the group is counted once, not twice. This practice differs from the methodology used by some peer institutions, which count exhibition-level visits rather than person-level visits. Readers comparing KWM statistics to those of peer institutions should be aware of this methodological difference.

9.4 Correction to 2022 Annual Report

It is noted for the record that the 2022 Annual Report (ref. KWM-DIR-2022-AR-001, published March 2023) contained an error in Section 6.1, where the Federal Chancellery Kunstsektion subsidy was reported as €820,000. The correct figure was €800,000. The €20,000 discrepancy arose from a misclassification of a project-specific grant from the Kunstsektion (ref. BKAMT-2022-KWM-PRJ-007, value €20,000) as core subsidy income rather than project income. This correction has been noted in the 2023 accounts and the 2022 comparative figures in this report reflect the corrected amounts.

10. Personnel Report and Remuneration

10.1 Senior Management Remuneration

Senior management remuneration is set by the Board of Trustees and reviewed annually by the Executive Committee. The following table discloses gross annual remuneration for positions at Directorate level, in accordance with the institution's Transparency Policy adopted in 2021. Remuneration is stated inclusive of all contractual bonuses but exclusive of employer social security contributions, which amount to approximately 21.5% of gross salary.

Position	Name	Contract Type	Gross Annual Salary (€)	Performance Supplement 2023 (€)
Director General	Dr. Maximilian Oberhuber-Steiner	Permanent	128,400	42,000
Chief Curator & Head of Research	Dr. Sonja Riegler-Bauer	Permanent	84,200	0
Head of Finance & Administration	Mag. Andrea Zehetgruber	Permanent	79,600	0
Head of Digital & Collections Mgmt.	Dr. Yuki Nakamura-Stein	Permanent	74,800	0
Head of Visitor Services & Education	Mag. Petra Vasović	Permanent	68,400	0
Head of Conservation & Restoration	Dipl.-Rest. Klaus Hammerauer	Permanent	71,200	0
Head of Communications & Marketing	Stefan Kronfeld, MA	Permanent	65,800	0
Head of Facilities & Security	Ing. Florian Bartsch	Permanent	62,400	0

Note: The performance supplement of €42,000 paid to Dr. Oberhuber-Steiner was approved by Board resolution KWM-BOARD-2023-06-R02 dated 14 June 2023, in recognition of the record attendance and revenue outcomes of the Secession Echoes exhibition and the successful conclusion of the Goldberger-Haas restitution. No performance supplement was paid to any other member of senior management in 2023.

10.2 Staff Turnover and Recruitment

The institution recorded seven departures in 2023: four resignations, two retirements, and one contract non-renewal. The most operationally significant departure was that of Mag. Birgit Stelzenböck (Conservation Specialist, Textiles), who resigned in August 2023 to take up a position at the Technisches Museum Wien. Her role was covered on an interim basis by freelance conservator Dr. Lena Bruckner-Feigl at a day rate of €620, with a total interim cost of €39,680 for the period August–December 2023. A permanent replacement is expected to commence in Q1 2024.

Seven new permanent positions were filled in 2023, including two replacements for departures and five positions approved in the 2023 budget as part of the institution's controlled growth plan. The average time-to-fill for permanent positions was 98 days from vacancy declaration to start date, compared to a sector benchmark of approximately 75–85 days. The longer-than-benchmark time-to-fill reflects the specialised nature of the institution's roles and its non-negotiable requirement that all new staff demonstrate German-language proficiency at minimum B2 level.

Annexes

Annex A — Glossary of Internal Reference Codes

KWM-DIR: Documents originating from the Office of the Director General. KWM-LEGAL: Legal agreements and contracts. KWM-CNTR: Material contracts register entries. KWM-BOARD: Board of Trustees resolutions. KWM-RISK: Risk management documentation. KWM-IT: IT and digital infrastructure policies. KWM-AUTH: Authentication and attribution dossiers. KWM-LOAN: Inter-institutional loan agreements. KWM-SEC: Security protocols. KWM-ADMIN: Administrative records.

Annex B — Currency and Valuation Notes

All monetary figures in this report are stated in Euros (€) unless otherwise noted. The loan to the Swiss private collection (Section 7.2, KWM-CNTR-2023-014) generated a fee denominated in Swiss Francs (CHF 440,000), converted to €400,000 at the EUR/CHF exchange rate of 1.100 prevailing on the date of payment (28 June 2023). The Neue Galerie New York loan insurance value (Section 5.3) is stated in US Dollars as this is the currency of the governing agreement; no conversion to Euros has been applied for purposes of this disclosure.

Annex C — Advisory Council Members (as of 31 December 2023)

Name	Affiliation	Since
Prof. Dr. Hilde Brandtner-Schmitt	University of Vienna, Art History	2018
Univ.-Prof. Markus Aichholzer	Academy of Fine Arts Vienna	2015
Dr. Catarina Vaz-Pinheiro	Calouste Gulbenkian Foundation, Lisbon	2020
Baroness Sophie von Kaunitz-Riedl	Private collector, Vienna	2011
Dr. James Fairweather-Moore	Courtauld Institute of Art, London	2019
Mag. Oskar Grünbaum-Reisner	Dorotheum, Head of 19th/20th Century	2016
Prof. Milena Točíková	National Gallery Prague	2021
Dr. Samuel Okafor-Nwachukwu	Lagos Museum of Modern Art	2022
Ing. Arch. Valentina Cruciani	Università degli Studi di Milano	2017
Mag. Petra Hofmann-Weigl	Austrian Federal Monuments Office (BDA)	2014
Dr. Robert Kaspar-Ellinger	Sotheby's Vienna (retired)	2009
Frau Hildegard Gruber-Steinkellner	Patron, Innsbruck	2013

Annex D — Document Control

Document Reference: KWM-DIR-2023-AR-001. Version: 1.2 (Final). Prepared by: Office of the Director General with contributions from all department heads. Reviewed by: Mag. Andrea Zehetgruber (Finance), Mag. Gerhard Praxmarer (Legal). Approved by: Dr. Ingrid Felsenthal-Kraus, Chairwoman of the Board of Trustees. Approval date: 27 February 2024. Distribution: Board of Trustees (5 copies), Director General (1 copy), Department Heads (8 copies), Statutory Auditor (1 copy). Total copies in circulation: 15. All copies are numbered and their circulation is logged in the Document Control Register maintained by the Director's Office.
